

Regional Access Program Foundation

Waiver Request Period April 1, 2020 to March 2021. Nonprofit tenants may request their rent to be waived or modified as a result of the COVID 19 virus.

Name of Organization: **Get in Motion Entrepreneurs**
Date submitted: **05/05/2020**

Please specify if you are requesting a waiver or modification of your lease rent/utilities. The time period is not to exceed 3 months.

1. Request for waving of Rent \$300 (Office only)
 - March, April and May 2020
2. Is your organization experiencing a financial hardship as a result of the COVID19 epidemic? If yes, please explain in no more than 100 words.
 - We are experiencing a financial hardship due COVID-19. The economic impact has made it hard for us to obtain funds. We are not providing live business seminars. We currently do not have funds to cover our lease and other expenses such as payroll, etc.
3. Do you have a plan to address the financial hardship? If yes, please explain in not more than 300 words.
 - Since the economy in our area is still under lockdown and restrictions, we have not been able to put together a plan. We are adjusting by the day. We have our new online programs ready but have not been able to receive funding to run the programs since we do not have staff for this task.
4. What is your plan for being able to return to the contractual lease rates and the timeline?
 - We are currently working in a program to offer Digital Marketing services to generate income. We will be creating income and we plan to pay our lease with such income. If the economy allows it, we plan to start paying regular rent/leases starting June 2020.
5. Does your organization have a reserve fund to respond to fiscal emergency needs? If yes, please explain.
 - No. We do not have reserves. We have a new BOD and we just started our BOD Development. As soon as we finish the Development phase, we will transition to Strategic Planning.
