Subject:Re: Fiscal Agency Request

Hello Lety!

Thank you for your email!

I would like to request that we move forward with our entering into a Fiscal Agency Sponsorship with RAPF and The Salvation Foundation, (TSF).

TSF is focused on the awareness, prevention, rescue and rehabilitation of sex trafficking victims and survivors. Our purpose is to save children that have been sexually exploited, provide them recovery and rehabilitative tools, services and therapies. We aim to rescue as many children as we can. We also hope to find the predators and pedophiles that have exploited children, make arrests, given case files from the software scraping tools we look to obtain and then put them behind bars, with the assistance and alliance with local law enforcement. We plan on serving southern California, with focus on Riverside County. We have incorporated already. There are multiple people with experience in this field of work and passion to help that are being considered as board members.

As of now, TSF has a designated Director, CFO, Secretary, and volunteers, helping to further the cause. We are truly hoping to have an organization like RAPF alongside us in this fight to end human trafficking. All of the information for my filing is being drafted by an attorney in Southern California and will be filed this week, after final review of Bylaws, etc.

Our goals continue to consist of working alongside other local, well-established organizations, sharing ideas, sharing information, collaborating on the steps we are taking to find ways to come together as a community, in our efforts of fighting child sex trafficking.

The relationship we are looking to build with RAPF could be temporary, based on our own filing for a 501(c)(3) recognition. However, I would also be interested in having a longer-lasting relationship, if that is something that would be considered by RAPF.

I appreciate your time and welcome any further questions!

Thank you kindly,

Kara M. Garland
